## HIGHER EDUCATION SOLUTIONS FOR HYBRID TEACHING

### THE PURPOSE-BUILT, POWERFUL, YET EASY-TO USE CLASSROOM SOLUTION

Konica Minolta and All Covered's Hybrid Teaching Solution Packages for small/medium and large lecture halls allow faculty to easily lecture in-class while simultaneously presenting to remote students. Students attending remotely will be able to see and interact with the instructor's presentation as well as interact with the students in the classroom, providing a more engaging learning environment that is conducive to effective teaching.

### Benefits of Konica Minolta and All Covered's Hybrid Teaching Solution include:

- Increased student engagement
- Better material retention
- Increased collaboration
- Improved instructor productivity
- Aesthetic improvement
- Simple-To-Use/Walk-Up and Teach
